1. Organisation Overview:

- ★ Name: The Hairshaft Nail & beauty Salon
- ★ The business began as a small dream, it was a passion for hair and beauty that encouraged the owner to start up her business. This created a vision that soon became a reality.
- ★ The mission of this business was to ensure that all clients, and possible clients
- ★ The target audience for this hair, nail and beauty salon is all females, in various age groups, mums who do not have time to do their hair and woman who like to treat themselves. As well as the partners of these wives who will be paying for their treatment.

2. Website Goals and Objectives:

- ❖ Goals
  - Create an online presence
  - Present prices, services, hairstyles and beauty inspiration
  - Build a brand image
  - Make is easier for clients to book appointments and contact the business
- ❖ Mission
  - Provide detailed information of the product, services and hairstyles
  - Include an online booking system
  - Promote brand discounts and special offers
  - Ensure that the website is user-friendly

3. Current Website Analysis:

- Business does not have a website, which creates a bad image for the business as client who refer the business to potential clients will not have access to enough information about the business such as the pricing of the services as well as a calendar to identify open spaces for new clients to book.
- Having no website can be seen as a strength as it allows the client to contact the owner directly, this can also allow for a more personal interaction between clients and the staff. The client base may not grow as rapid as expected however the current clients remain loyal to the business.
- Identify areas for improvement based on the weaknesses identified. By creating a website, it will allow for growth in the business thus more profit into the business. The business will have an expanded platform to promote business sales and services being sold.

4. Proposed Website Features and Functionality:

- Homepage
  - Images of hairstyles and products
  - A short introduction about the business
  - Name of business
- Contact page

        - Contact details
        - Location including a direct link to map
        - Enquiry contact form
- Products/services page
        - Types of hairstyles
        - Haircut options
        - Nail options
        - Waxing options
- About us
        - Operating hours
        - Our story
        -

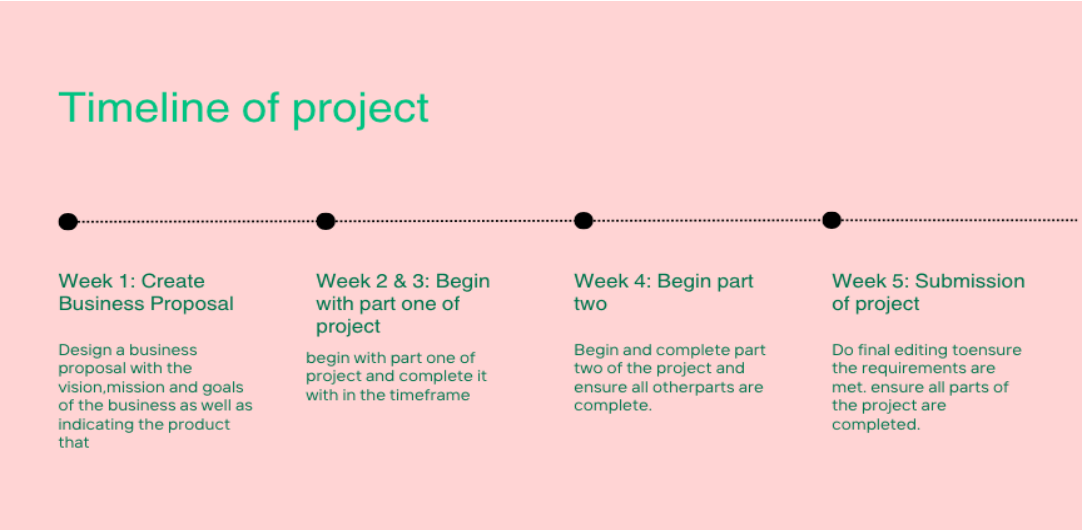
5. Design and User Experience:

- Colour Scheme: neutral colours with a pop of soft pinks and subtle greenery
- Typography: simple fonts (calibri,Arial) for information and pricing & cursive fonts (for special details and names of each hairstyle or nail style
- Layout and Design: minimalistic and elegant. Neutral tones with hints of pink and green. Visuals will include hairstyles and nail inspiration. Netiquette
- User-friendly ensuring that each sector of the business is separated into different web pages but all links to the one website.

6. Technical Requirements:

- Identify hosting and domain name requirements and programming languages and frameworks (e.g., HTML, CSS, JavaScript).
- The domain name will be short – hairshaftnail&beautysalon.co.za
- The hosting service will be reliable to keep the website online, provide security, and have good speed. (Examples- Hostinger, blueHost, GoDaddy.)

7. Timeline and Milestones:



8. Budget:

- Website design: no cost
- Domain name: R89.00 per month
- Hosting service: R109.00 to R369.00 per month
- Maintenance cost: R499.00 to R8999.00
- Total cost per month: R9457 .00 excluding any additional costs
